PROFILE

Dynamic Software Developer with 1+ years of experience in web development, e-commerce, and cloud technologies, delivering scalable, secure applications that enhance user engagement and efficiency. Proficient in front-end and back-end development, leveraging HTML, CSS, and JavaScript to build high-quality solutions. Passionate about innovation, problem-solving, and transforming business processes through technology.

EMPLOYMENT HISTORY

Jr. Software Developer at Get Pharmacy LLP, Mumbai

August 2024 — May 2025

- Designed, developed, and optimized dynamic web applications ensuring scalability and high performance across platforms.
- Independently built Novamatrix.in using HTML, CSS, and JavaScript, focusing on modern UI/UX principles.
- Developed Imrandastagir.com on WordPress, leveraging custom themes and content management for tailored solutions.
- Created full e-commerce platforms such as Medcarepharma.com, integrating secure transactions and SEO optimization.
- Engineered complete solutions for Artsyaroama.com with end-to-end payment integration and inventory management.
- Collaborated with cross-functional teams on frontend and backend development, API integration, and deployment using AWS and Docker.

Intern Software Developer at Deloence Technology Pvt. Ltd, Hyderabad

April 2022 — December 2022

- Developed and optimized EPUB conversion workflows using HTML5, CSS3, XML, and Word 2009 for e-reader compatibility.
- Enhanced layout structures, typography, and metadata to boost accessibility and readability of digital publications.
- Streamlined processes, reducing turnaround time by 40% while upholding high-quality standards in e-book formatting.
- Collaborated with cross-functional teams to implement new features and improve existing systems.
- Conducted quality assurance testing to ensure adherence to industry standards.

EDUCATION

B.com, Osmania University, Hyderabad

August 2020 — July 2024

Bachelor of Commerce (B.Com.) – 7.71 CGPA
Completed under the Choice Based Credit System (CBCS), specializing in Computer Applications with a strong foundation in business processes, financial management, and technology integration. Developed proficiency in computer usage, software applications, and data analysis, enhancing skills relevant to modern business environments.

COURSES

Credit Linked Program in Data Science, Daksh Gurukul - IIT Guwahati

January 2025 — September 2025
